

MN FAASTeam presents:

Services For VFR Pilots

Join us for A VIRTUAL cup of coffee, a donut, and a LIVE WEBINAR as Cheryl talks to us about ATC services for VFR pilots. This is a great session, and will certainly make communication with ATC easier and less intimidating.

Have you wondered how to get Flight Following and how it works? How about a clearance into Class Bravo? Should I file a flight plan? How do I get a weather update in flight?

This seminar will address these questions and more, and arm pilots with good techniques and procedures to be able to comfortably talk to the providers of these services.

Directions: If you want to attend, you must sign up ahead of time.
